Cookie Policy

1. Cookies

This website, like many professional websites, uses cookies — small files that are downloaded to your device when you visit the site to enhance your experience. This page explains the type of information they collect, how we use it, and why we sometimes need to store these cookies. It will also outline how you can prevent the storage of these cookies, although doing so may reduce the website's functionality and affect certain features.

The website may collect information about your computer, including details such as your IP address, operating system, and browser type.

Purpose of processing: To optimize and continually improve the website's performance.

2. How We Use Cookies

By continuing to use this site, you consent to the processing of cookies and the data mentioned above, as well as to the sharing of this data with third parties.
We use cookies for various purposes, which are detailed below. Unfortunately, there are no industry-standard options for disabling cookies without impacting the functionality of this site. If you are unsure whether you need them or not, it is recommended to leave cookies enabled to ensure that all features of the platform work as intended.

3. Disabling Cookies

You can stop cookies from being set by adjusting the settings in your web browser. Please note that disabling cookies will limit the functionality of this and many other websites that you visit. Disabling cookies will typically result in the deactivation of certain features on this site. For managing cookies in a specific browser, please refer to that browser's help guide for instructions.

4. Types of Cookies

4.1. Form Cookies
If you submit data through a form, such as on a contact page or in a comment section, cookies may be used to remember your details for future correspondence.

4.2. Website Preferences Cookies
To enhance your experience, we provide features that allow you to customize your interaction with the website, such as language settings. These cookies store your preferences to ensure that when you revisit the site, it responds according to your chosen settings. These cookies do not store personal data.

4.3. Third-Party Cookies

In some specific cases, we may also use cookies provided by trusted third parties. The following section details third-party cookies you may encounter on this site.

We use services such as Google Analytics and Yandex Metrics, which are some of the most widespread and trusted analytics solutions available. These cookies help us understand how you use the site and how we can improve your experience. They may track how much time you spend on the site and which pages you visit, allowing us to produce engaging content. You have the option to opt out of these cookies. More information on Google Analytics and Yandex Metrics cookies and how to disable them can be found on their respective official pages.
